# AWA MODULA 10

Technical Sheet

# AWA MODULA 10

## Presentation

On the basis of AWA 25, SEAS is developing a "home-sized" machine: AWA MODULA 10. Such a model has dimensions of a mobile air conditioner: 1400 x 600 x 1000 mm (WxDxH)

Compact case, user friendly, super silent, installation completely indoor, possibility to connect the equipment to an external water source, possibility of water heating and cooling, easy maintenance. It houses all AWA components in a single unit.

### AWA 10 RANGE, 100 litres/day

*AWA 10 can be combined with different water treatments systems*

**AWA 0 :** pure air-to water without any water treatments and mineralization.

**DRINKING :** this configuration is the best quality mineralized drinking water in commerce and we are proud to compare it to the best bottled water on sale worldwide. In AWA DRINKING PREMIUM we can find all the best substances and elements of all typical good mineral water, such as magnesium, calcium, sulphates and carbonates and many other important elements.

# AWA MODULA 10

## Technical Sheet

Nominal Water production 30° - 70% R.H.	100 litres/day
Rated Input Power 30° C – 70% R.H.	1.16 Kw
Energy Consumption	0.28 kWh/litres ± 5%
Cooling Circuit coolant	Environment Friendly – R134a
Sound pressure level	55 dba ( at distance of 10 m)
Size (WxDxH)	1400x600x1000 mm
Weight	158 kg
Operating Range	From 5° C/90 % R.H. ti 50° C/90% R.H.
Power Supply	220±10%/1Ph/50-60 Hz
Max Power Assorbed	1.5 kW

- Standard structure in galvanized steel
- Interior Inox, in compliance with food regulations
